Welcome to CompareLegalJobs

Led by the former Senior Partner of Wragge & Co., John Crabtree, CompareLegalJobs, is a unique, independently owned, EMPLOYER only legal job board. Our site provides the perfect platform from which to promote your firm or organisation together with your active vacancies safe in the knowledge that our candidate attraction strategy will ensure that the appropriate level and quality of candidates will be reading your advert - without distraction from other recruitment agent adverts.

What makes us different...

- As an employer only website our features and content is created with you – the client - in mind;
- You will have your own microsite which will give you an opportunity to not only promote 'good' news stories but also to highlight your organisation's key features, vision and values etc;
- A significant saving on traditional job boards and specialist recruitment agency fees;
- There is no limit to the number of jobs you can advertise with us.
